e q u i p m e n t

Coin Collecting Door Lock

Safety

An override key allows access to the cubicle in emergencies. Locks can be set so that a separate key is required for each lock or mastered so that one key will open every lock.

Staff Use

Can be operated by coins or tokens allowing members of staff access without charge.

Easy Operation

The user enters a coin or token into the slot, the door can then be opened. The coin or token is then retained by the lock.

Wet Spec

Suitable for use in wet environments.
